# GREETINGS!

I want to take this opportunity to welcome you to **Megaplex 2014: The Candy Factory**. This year, Megaplex is pleased to return to the Marriott Orlando Airport for a fun filled weekend of friendship and fun in the Florida Sun.

As we enter our 13th year, I am reminded that this convention brings together many people from all over the world to share a weekend with us every summer. We have had many fond Megaplex memories through the years, and I look forward to many more in the future. Last year, an attendee mentioned to me that when they come to Megaplex, they feel as if they are returning to something more than a convention. It's almost like they are coming home. I hope that you will find that magical feeling this year as you spend time with us.

I'd like to welcome our two really sweet guests of honor, Mary Mouse and Tani DaReal.

These two extraordinary artists are joining us to help make this weekend a true treat for everyone. We also have some great dances, shows, and events planned for the weekend that are sure to bring a smile to your face and be the foundation for some great memories.

I'd also like to welcome back our returning charity, the C.A.R.E. Foundation. They do wonderful work helping our local Florida wildlife, and I hope that Megaplex attendees will be able to help raise funds to assist them in their work in the upcoming year. Please consider making a donation to this worthwhile organization.

It's also important to take a moment and thank the many hard working staff members of Megaplex. They are the heart and soul of this convention and they are the ones that truly make the convention happen. I'd like to take this opportunity to publicly thank each and every staffer and volunteer that helps make Megaplex the success that it is.

Finally, I think I speak for the entire Megaplex staff in thanking you for choosing to spend a weekend with us here in Orlando. We

know that you have many conventions throughout the year that you can attend, and we are delighted that you have decided to include Megaplex in your travel and convention plans. I hope you have an amazing time and that it'll be the sweetest weekend possible!

Enjoy the marvelous times and adventures that await you!

## OUR POLICY

The Megaplex staff would like to ensure that everyone has a safe and fun convention. We ask that you please follow the convention safety and security policies outlined in this booklet. In general, if everyone shows respect and common courtesy to fellow convention attendees and the hotel facility and staff, then there will be few, if any, problems. We want everyone to enjoy!

While at Megaplex XIII: The Candy Factory, you agree to abide by the policies of the convention. The senior members of the convention staff will resolve any disputes or questionable events. Their decision will be final. The convention security staff will issue warnings if they observe violations. Serious or repeat offenders will have their convention membership revoked without refund and will be asked to leave immediately.

## VOLUNTEERING

Volunteering at Megaplex is a great way to be more involved with the convention, and it's easy! Plus, you can earn discounts off of your 2015 membership, too! Each hour worked will earn you \$5 off next year's membership. The maximum discount you can earn will cover a full 3-Day membership in 2015 (about 9 hours, over the course of the weekend). You can also apply your earned discount towards an upgrade to a sponsor-level membership.

To sign up as a volunteer, a staff member will point you toward our volunteer coordinator Amythest, who will provide you with a time sheet.

You can also follow us on Twitter (@megaplex\_con) for announcements when volunteer help is needed.

## TaniDaReal

I'm living in Germany together with my husband and our two cats. My profession is media designer (for print and digital products / web design, which I also enjoy doing for private projects) and I'm an artist in my free time. The first contact with the furry fandom I had in 1999 (actually I started with the Lion King fandom), when I first got internet access and found out that I am not alone with my fondness for furry creatures.

My husband Nightfox and I both love good food and travelling (like road trips in the USA and attending furry conventions) and we are very blessed having great friends all over the world. We dedicate a lot of our time to Eurofurence, where Nightfox is the vice-chairman and I am part of the Charity Team and The Pawpet Show (where I played, among others, Mika the snow leopardess and did the backdrop designs).

I have loved drawing (animals / anthropomorphic characters, mostly feral forms) and creating things of all kind since I can remember. The greatest thing about being an artist is that you can create worlds, bring characters to life, express your feelings, make people laugh or cry (in a good / artistic way). Personally I've always been a fan of emotional, funny and expressive artwork, which influenced my drawing style a lot. My inspirations to draw I take from things that I love, like the fondness for certain species or characters, nice sceneries, funny situations, favorite movies, series or books. The best ideas I simply get from life and keeping my eyes open.

I love both doing digital artwork (Photoshop and graphic tablet) and working with real media (for example water colors or Copic markers), as well as creating t-shirt designs and merchandise like my Mood Badges or calendars. Fursuits are a lot of fun to me, both performing and building them, although making fursuits is just a hobby I can do once in a while (due to my limited free time). In the past, I have build fursuits like the early snow leopard version of Tani, the old version of Savoy and Daiquiri, the African vampire wilddog. The love for creative works of all kind makes me want to try new things, for example I also built sculptures or made plush animals myself.

I always had a spiritual and very close connection to wolves (my totem animal). The furry character I chose for myself was a snow leopard at the beginning (one of my favourite animal besides wolves), which finally turned into the combination of my spiritual side (the wolf) and the snow leopard - the "Schnolf".

Animals are my life, so of course supporting animal charities is of great concern to me. Thank you to all for helping to make this world a better place. A percentage of the money I make with my artwork is donated to animal charities.

# MEGAPLEX XIII CODE OF CONDUCT

The following policies are intended to help everyone have a safe, sane, and fun Convention. In general, Megaplex asks that you show respect and courtesy toward all attendees, hotel staff, and other guests. Consideration for the safety, rights and feelings of others will help to create a positive experience for everyone.

By accepting your membership badge, while at Megaplex XIII: The Candy Factory, you agree to abide by the policies of the convention. You also acknowledge that a violation can result in your indefinite suspension from the convention, depending on the severity or repetition of an offense.

If Megaplex staff become aware of activities that are illegal or may threaten the welfare of the convention and its attendees, they have a duty and responsibility to inform hotel security and/or local authorities as warranted.

## In General

The following “general rule” supersedes all others listed below and may be invoked at any time:

***Any action or behavior that causes significant interference with convention operations, excessive discomfort to other attendees, or adversely affects Megaplex’s relationship with its guests, its venues or the public is strictly forbidden and may result in permanent suspension of membership.***

Pawpet Live Experiences, Inc. (PLEx, Inc.) reserves the right to refuse or revoke membership at any time, for any reason, including (but not limited to) the failure to abide by the policies listed here. PLEx, Inc. also reserves the right to amend these rules at any time without prior or posted notice, and reserves sole right of interpretation.

## Convention Space

“Convention Space” is defined as the Orlando Airport Marriott’s meeting space (including connecting hallways therein), and the ninth floor Presidential Suite (also referred to as the Megaplex Sponsor Suite).

## Convention Staff and Security

“Convention staff” are volunteers whose goal is to make sure everyone is comfortable and has a great time. The role of convention security staff (“security”) is to protect Megaplex’s attendees to the best of their ability by patrolling the convention space and enforcing convention policies.

If you have a problem or you are in trouble and need assistance, seek out a member of convention staff for help. Staff members can be identified by staff badge or designated staff outerwear.

The senior members of the convention staff will resolve any disputes or questionable events. Their decision will be final. Security will issue warnings if they observe violations. In any dispute, the general rule above will apply.

If you have a complaint or a non-urgent problem that cannot be solved until after the event, we recommend writing up as many details as possible about the issue and submitting it to a senior staff member, or emailing it to [mp-feedback@megaplexcon.org](mailto:mp-feedback@megaplexcon.org). This is the best means for staff to listen and consider feedback, as staff may be very preoccupied during the event.

## Membership

Nobody is permitted into convention space without a valid membership, represented by a membership badge (“badge”). Convention staff issues badges to a single individual. They may not be shared or duplicated in any way, and they may not be obtained by any other means.

You acknowledge that your government issued identification will be verified to validate the information that is found on the face of the ID, such as your name, address and birth date. This information is only used to verify your age and have your name on file in case an emergency arises. This information will not be published to any entity, and will only be used for aggregate analytic statistics.

Your badge must be visibly displayed at all times when in convention space, and must be presented or surrendered to any staff member upon request.

## Megaplex XIII Code of Conduct Cont'd...

Megaplex reserves the right to request that you purchase a full-price membership to replace a lost or stolen badge. In the event of a lost badge, a single replacement badge may be issued at a reduced cost. Repeated lost badges will need to be replaced at the price of a full membership.

## Minors

Anyone 16 or older and able to present a valid government-issued photo identification (“ID”) may register to attend any general audience events.

Anyone between 13 and 17 years of age, excluding anyone between 16 and 17 with ID, will require a parent or legal guardian (“parent”) present at registration on site. Parents must have a valid ID, and will be responsible for anyone in their care. (You must have your own parent or legal guardian with you to receive your badge.)

Anyone 12 and under is admitted free and should not register online, but must be accompanied at all times either by a parent or a chaperone. Chaperones must be designated by the parent at the time of registration.

Anyone under 18 may not enter areas designated for mature audiences.

Attendees under 16 years of age may not volunteer at the convention per Florida’s child labor laws.

## Public Decorum

Unless otherwise noted, this section applies to convention space and to all hotel property, with the exception of private hotel rooms with doors closed.

All areas are considered to be suitable for all audiences, unless explicitly noted otherwise. Access to any events or content inappropriate for minors is controlled by security.

Dry clothes (shirt, shorts, and shoes at a minimum) are required. Clothing may not be overly revealing or inappropriate to the atmosphere of the convention, such as fetish-related garb and accoutrements. Discrete wearing of collars is acceptable, but leashes are not.

Full-body costumes and fursuits are excluded from the ‘shirt/pants/shoes’ rule, provided that the costume is not unacceptably revealing. Certain accoutrements such as collars and harnesses may be included as part of a costume, but no one is to be led around on a leash.

Public displays of affection beyond what is appropriate for polite company are frowned upon. Holding hands, hugging, chaste kissing, and the like are fine; anything beyond that is best taken to your hotel room.

Props, toys or accessories capable of causing injury, discomfort, or damage to clothing, costumes or property, are not permitted in convention space. This includes (but is not limited to) laser pointers, water guns, Nerf or other dart guns, and Silly String.

Aisles, corridors, and passages should be kept open and clear. Please be considerate of passers-by and stay out of the way of traffic.

Conversation, music and video playback should be kept to a moderate volume and outside event rooms, as not to disrupt convention programming. Loud noise makers are not permitted.

Do not disrupt panels or events. A disruption may be (but is not restricted to) talking, shouting, heckling, or talking back, during panels or events in a way that might distract, interrupt or upset any performers, convention staff, vendors, or attendees of any age.

Banners, posters or signs may not be posted without permission. Convention banners, posters, signs and any other convention or hotel property, may not be removed or moved without permission.

Smoking is not allowed in any convention space, or hotel common areas, including the pool deck. Please use the designated smoking locations found outside the hotel.

Harassment of any kind, including physical assault, battery, deliberate intimidation, stalking, or unwelcome physical attentions, will not be tolerated. If someone tells you “no” or to leave them alone, your business with them is done. If anybody is repeatedly making you uncomfortable, please find a member of staff to help.

## Megaplex XIII Code of Conduct Cont'd...

Megaplex staff is not responsible for solving any interpersonal or relationship problems that may arise between individual members. In general, we can take no action to prevent a person from attending the convention unless that person has made a specific and credible threat toward the convention itself or if another individual can produce a legal restraining order.

### Alcohol and Drugs

Providing alcohol to individuals under the age of twenty-one (21) is against the law and convention policy.

Megaplex does not condone or tolerate the possession, use or distribution of illegal substances.

### Weapons

All Federal, State, and local laws and ordinances apply to the possession, carry, and display of weapons at Megaplex.

No weapons, open carry or concealed, are allowed, and no real or prop weapon may be used or displayed in a threatening, reckless or dangerous manner.

For the safety and peace of mind of all attendees, all potentially deadly weapons, and realistic replicas that could be mistaken for deadly weapons, must be disabled, peace-bonded, or otherwise rendered inert while on display at the convention. If a weapon or replica is part of your costume, please consult Security for direction.

### Room Parties

Activities taking place in a private hotel room are the responsibility of the person(s) renting the room. We do recommend that parties be kept to a moderate size, and that the noise be kept to moderate volume. Hotel security will break up parties that receive complaints.

Per hotel policy, kegs may not be brought into the hotel or guest rooms, and the hotel may evict, without refund, all occupants of a room violating this policy.

### Photographic, Audio, and Video Recordings

Attendees should be aware that they may be photographed or recorded at any time while in public areas. Megaplex reserves the right to authorize individuals to create and edit photographic, audio or video recording of convention space and events (many of which involve audience participation), and to distribute these productions, in whole or part, free of charge, for historical or promotional purposes. Attendees agree that they are not entitled to any notice or compensation for the appearance of their names, aliases or likenesses in such productions.

Members who wish to take pictures or make recordings for personal, non-commercial use while at the convention may do so in any areas, unless recording is explicitly forbidden, verbally or by sign, in an area or a performance. We ask that photographers and videographers act with common sense and courtesy, and refrain from recording any non-consenting individual.

The Funday Pawpet Show (FPS) may not be recorded without permission.

Permitted recordings may be shared on personal, not for profit websites. However, if someone is in the focus of the picture by themselves or with one other person, and they wish to have their photo removed, you must respect that person's request and remove the image. If the person is in a group of three or more in the photo, then it is considered a group photo, and would require objection from at least a 50% majority of the people in the photo.

Megaplex will not use the names or likenesses of corporately owned and trademarked mascots, puppets or other characters for any commercial or promotional purposes, except according to prior written agreement.

### Press and Media Policy

Megaplex is a private social function for members only, and as such, is closed to all press and media members and organizations. Making photographic, audio or video recordings of any convention event for investigative or commercial purposes is strictly forbidden.

## Megaplex XIII Code of Conduct Cont'd...

Press and media members desiring a statement, press release or interview from Convention Staff should contact the Convention Director or Convention Promotions Director. Each request will be considered individually and on a case-by-case basis.

### Pets and Service Animals

For the safety and comfort of members and pets alike, we do not allow any personal pets in convention space. Working service animals are permitted in accordance with the Americans with Disabilities Act.

### Dealer's Den and Artist Alley

Sales are not allowed anywhere in convention space except by paid vendors in the Dealers Den and by attendees utilizing the Artist Alley.

Convention and hotel staff take care to secure the Dealers Den area when it is closed, although it is recommended not to leave any cash or valuables in the area unattended at any time.

Merchants and sellers are required to collect a 6.5% sales tax per state and county law. The collection and remittance of taxes to the State is the responsibility of the individual dealers. The Florida Department of Revenue (DOR) has a Guide to Sales Tax for Convention Exhibitors and you can fill out much of the required paperwork on the DOR Website. Every seller will be required to show us that they already have a sales tax certificate, or we will be providing a sales tax packet to each and every dealer or artist alley artist that intends to make sales. It is up to the individuals to be sure they report and submit.

Stored and displayed items must not impede traffic flow, both in front of and behind tables. No more than two people may sit behind each table in the Dealers Den.

Artist Alley seats are available on a first-come, first-served basis. Artists may use only one space in the Artist Alley at a given time. Seats may not be "held" for another person. Artist Alley spots that are left alone for longer than 15 minutes are considered abandoned and may be claimed by another artist.

Any material that is not suitable for minors must be censored while it is on display. Collections of adult artwork should be kept in a separate binder and marked as mature. Sellers are responsible for keeping unsuitable material away from the eyes (and out of the hands) of minors. Badges will include a "Minor" designation for attendees under 18.

Dealers Den tables may not be shared or resold without permission from the Dealers Den lead.

As with all convention space, loud or irritating displays are not permitted. Please keep all noise down to a reasonable volume.

Stolen material, pirated material, and weapons are not permitted for sale at Megaplex. In the Artist Alley, an item is only permitted for sale if it is either created by the seller or it is a composite work of which at least 75% is the original work of the seller. If you are unsure whether your items are allowed, please consult convention staff.

The Dealers Den lead will have the final say on all disputes in the Den.

### In Closing

These policies will be strictly enforced by security and staff, who will be clearly identified as such on site.

If a particular scenario is not specified here, the general rule listed at the beginning of this document will apply: Any action or behavior that causes significant interference with convention operations, excessive discomfort to other attendees, or adversely affects Megaplex's relationship with its guests, its venues or the public is strictly forbidden and may result in permanent suspension of membership.

These policies are intended to allow our members to have a safe, enjoyable convention experience. While we do not anticipate having to enforce these rules, be advised that convention staff will do so swiftly and firmly if the need arises.

# OUR CHARITY

Megaplex 2014's charity goal is to raise \$8,000 for the C.A.R.E. Foundation, an exotic animal rescue and wildlife education facility in the nearby city of Apopka, Florida. In addition to rescuing, rehabilitating and housing hundreds of big cats, bears, monkeys, birds, reptiles and assorted critters who call C.A.R.E. home, the organization provides a variety of educational programs for schools, resorts, local attractions, and general public appearances throughout the community.

C.A.R.E. has been with Megaplex since the beginning. Since 2005 we have raised more than \$23,000 for the organization. This year, we want to really show them what we're capable of doing for animals in need!

If every attendee donated just \$10, we could easily surpass our goal!

The donations will help C.A.R.E. complete expansions to their facility to help accommodate them, and support the organization in its continuing missions to provide help and education.

There are a ton of different ways you can help raise money to meet our \$8,000 goal:

- \* Encourage as many of your friends as possible to join us at Opening Ceremonies at 10 AM on Friday, and bring money for donations. Why? Well... let's just say there is a special incentive for early donations. You'll see!

- \* The charity poker tournament returns this year

on Friday night, beginning at 7:00 PM. Buy-in is \$10. Have fun for a great cause!

- \* Bring your money to the C.A.R.E. Presentation on Sunday at Noon. For a small donation, you can interact with a live animal from the presentation. This is a great photo op for fursuiters!

- \* Our Charity Auction will begin at 1:00 PM on Sunday, immediately after the C.A.R.E. presentation. Credit cards are accepted! (If you have brought items to donate, please drop them off at registration.)

- \* Are you a fursuiter looking for something fun to donate for the charity auction? Donate a dance! We will auction off the opportunity for the winning bidder to dance with his or her favorite fluffy critter at the dances that evening. To participate, you must sign up at registration, and you must be present and in costume at the charity auction and the Sunday dances.

- \* Fursuiters can help by becoming a part of our fuzzy fundraising force. This involves approaching attendees throughout the convention, holding out an official Megaplex charity donation jar, and looking so ridiculously cute that your targets will be unable to resist emptying their pockets into the donation jar! To participate, sign up at Registration.

- \* At Registration, the C.A.R.E. presentation and certain other events, we'll have donation jars out. Every little bit of spare change adds up!

Thank you all for your generous support! For more information about CARE, including guided tours and educational programs, visit [thecarefoundation.org](http://thecarefoundation.org).

# CANDY CRISIS

by Eduardo "Ed" Soliz [eduardosoliz.com](http://eduardosoliz.com)

"Ladies and gentleanimals, this factory is in trouble." Willy solemnly said. The half-dozen animals seated at the table focused their attention on the weasel as he paced around the meeting room table. Willy was dressed in a purple suit and top hat, his colorful outfit a stark contrast to his grim demeanor. He pointed to a graph on the wall where a red line sloped downwards. "Sales are down because our new products have been terrible. Good Lord, people! Spinach pudding? What were we thinking?"

"I dunno what you're talking about, boss," a bull seated at the table said after removing his snout from a bowl of green something-or-other. "This stuff is great!"

Willy clasped his hands and addressed the bull: "Your contributions have been greatly appreciated, Steve, but I think we'll be taking you out of research and development."

"Moving on, our new line of gummy worms had to be recalled. They were supposed to be worm-shaped gummy candies, not gummy-coated WORMS! I'm looking at you, Shawn!" The otter said. He pointed in the direction of a male red fox wearing a chef's hat.

"I haven't the foggiest idea how that could have 'appened, Willy." Shawn answered.

"I do! He made the order out to the wrong company!" A female arctic fox wearing a blouse interjected. Her nametag said "Missy."

"It's water under the bridge, now. In the future, we'll all need to be just a little more careful... okay, a LOT more careful, when we're buying ingredients." Willy said.

Willy's forgiveness wasn't enough to satisfy Missy, however. "Yeah, be more careful, you clod!" She hissed.

"Hey, who's side are you on? You approved the purchase!" He replied.

"And how am I supposed to know you ordered the right thing? I'm an accountant, not a bloody cook!" Missy shot back.

"I'll bet you can cook our books something awful, eh, pencil-pusher?" Shawn mocked.

"Well, that's one more thing than you can cook, you glorified dishwasher!" Missy retorted.

"Oi! Shut yer gob!" Shawn yelled.

"Stop it, people." Willy said.

"But it was her!" Shawn said, pointing at her.

"Stop arguing, already!" Willy yelled. He suddenly stopped, raised a handpaw, and began to talk to himself: "Hold the phone... Gob... gob. Stop, hmm, stop. Gob-stop... gob-stop... per? GOBSTOPPER! THAT'S IT!" Willy shouted before suddenly dashing out of the room. Before the door could shut behind him, he popped his head back inside and said: "Meeting over! We're saved!"

"Just what the 'eck is a gobstopper, boss?" Shawn asked.

"With a name like that, it'll never last." Missy said.

Willy's eyes lit up. "Never last? Try ever-last, Missy! Everlasting, even! Oh my goodness, that's wonderful! Off I go, so much time and so little to do, you know! I could kiss you, Missy!" Willy exclaimed before disappearing from view.

"I'll do it, then." Shawn said. He turned to Missy with a sly look on his face and jokingly puckered his lips.

"DON'T even think about it." She hissed. Shawn let out a hearty laugh.
