This will be a fun filled weekend focusing on independent and amateur entertainment. With puppeteering, costuming, art, and internet broadcasts, this is just the beginning!

We are proud to present our Guest Of Honor for 2004, Trace Beaulieu!

Trace Bealieu is an established writer, director, puppeteer, and visual effects artist for both the big and small screens for his work on "Mystery Science Theater 3000" and "Freaks and Geeks".

Returning to Megaplex is the spectacular acapella group "[Toxic Audio](#)", Dr. Samuel "Uncle Kage" Conway's storytelling, and live furry friends from the [C.A.R.E. Foundation](#). New to Megaplex is "The Magic of AcesWild" by the talented magician Clarke "AcesWild" Braudis.

Additionally, there will be an Artist Alley, available for those who wish to trade and artwork, improvisational comedy seminars, areas to relax, and much much more! This is a news, press, and media free convention.
